

## **Emerald Green Morpho by TCC Fashion - Pokerdeck**

This version does not feature a die-cut design; instead, the image of the green-banded swallowtail butterfly is displayed on the front of the tuck box, enhanced by delicate embossing that brings a tactile dimension to its visual beauty.

On the card backs, cold foil is applied with precision, so that within the vein-divided sections of the butterfly's wings, a subtle pale-green sheen shimmers through, creating a vivid and luminous effect.
