

Prism Blue Morpho by TCC Fashion - Pokerdeck

The butterfly that inspired Prism is the **Blue Morpho**. When light touches its wings, it triggers a range of optical effects.

To capture this iridescent brilliance, we applied a unique cold foil technique over a deep blue background, echoing the shimmering beauty of its natural wings.

On the tuck box, we used vibrant colors combined with blue foil to simulate these optical phenomena.

- Elegant butterfly theme
- Die-cut window & blue foil tuck box
- Cold foil card backs
- Custom seal design
- Limited to 1500
