

Amber Golden Morpho by TCC Fashion - Pokerdeck

The monarch butterfly, featured on the Amber Playing Cards, is the only butterfly on Earth known for its extraordinary long-distance migration.

As light shifts, the radiant golden tones shimmer against the stark black-and-white patterns, producing a vivid contrast that captures both the monarch's regal presence and the intricate elegance of nature's design.

On the card backs, a refined cold foil technique brings this wonder to life.

- Elegant butterfly theme
- Die-cut window & golden foil tuck box
- Cold foil card backs
- Custom seal design
- Limited to 500
