

From Idea to Stage :The Magic of Smayfer - Buch

Introducing **From Idea to Stage by Smayfer**

A book that teaches you magic and invites you to live it passionately. With 255 pages of unpublished routines and ideas built with ingenious structures, Smayfer opens his creative universe and shares wonderful effects with coins, cards, sponges, mentalism, and insightful articles that reflect his unique way of thinking and creating.

Each routine is designed for you to enjoy reading, practice with enthusiasm, and present with impact. Inside, you will discover magic that astonishes, moves, and transforms every performance into an unforgettable experience for both you and your audience.

What you will discover in these pages:

- Unpublished routines that expand your repertoire and spark your imagination.
- Ingenious structures that reveal new ways to build and present magic.
- The vision of an artist who understands magic as a living bridge between performer and audience.
- Inspiring material for those who practice magic as a hobby and for those who pursue it professionally.

From Idea to Stage

is an invitation to explore, enjoy, and share magic from a fresh, visual, and deeply human perspective.
