

## **Fantastic Surprise Glass (Card Version) by Sorcier Magic**

A glass is held in your hand, or the magician's assistant enters the stage with the glass, which is shown as empty.

A card is chosen and lost in the deck. All the cards are then thrown into the air, and inexplicably, only one card enters the glass, and it is the chosen card. This is a perfect effect to start your stage magic show. The glass, which looks like crystal, is provided. It is actually made of high-quality plastic and special playing card, Bicycle blue back.

The card in the glass is BRIDGE-sized. It's perfect if you're working with your assistant on stage. The glass measures 17 cm tall. Video instructions are attached.
