STASH

is designed for parlor, social media, table hopping and everyday performances.

It is high-speed visual evolution. From single card changes to instant currency transformations, **STASH** provides a "visual chain reaction" that keeps your audience in a state of constant shock.

Why Choose STASH?

- Continuous Visual Impact: Designed for multi-phase routines where each effect is more impossible than the last.
- Theater-Grade Visuals, Pocket-Sized: Designed to deliver "Stage-Sized" impact in close-up or parlor settings.
- Rapid Reset: Built for the working pro-ready to go again in 20 seconds, making it perfect for walk-around or repeated sets.

"Compact design. Massive payoff. STASH is the secret weapon for those who play close, but play big."
