

Stick (Red) by Marco Markiewicz

Discover the brand-new creation by Marco Markiewicz: a striking, highly visual, and completely impossible effect that will instantly leave a lasting impression.

A card is freely selected and then signed by your spectator. It is returned and lost in the deck. You then take a simple sticker, have it signed as well, and place it on top of the deck. With a simple wave of the hand... in a split second, the spectator's signed card appears-with the signed sticker firmly attached to it.

The card can be immediately examined and given away as a souvenir!

A clever gimmick allows you to perform this effect with disarming ease, while maintaining a perfectly clean and invisible handling.
