

N13 by N2G (Deluxe)

For 13 years, N2G Magic who redefine everyday magic

To celebrate our 13th anniversary, **N13** lets you spin coins, cards, and cases with perfect control. Whether you're performing on stage, on camera, or close-up, every move looks clean, visual, and cinematic.

THE UNBELIEVABLE EFFECT: So Good, They Think It's AI.

N13 isn't trending. It's taking over

N13 consistently earned strong positive engagement, high praise, and an overwhelming volume of inquiries from the magic community and beyond. When you performing N13, you are not just doing a trick; you are creating a profound moment of astonishment and wonder. Present the N13 in your hands and deliver a truly magical and unexpected visual spectacle.

Ultimate Utility: Seamless Integration & Mastery

N13 is pocket-sized power-an everyday carry device that slips seamlessly into any routine.

Use it anytime, anywhere, and blend it with your other magic to elevate every moment.

With N13 in your pocket, you're not just performing tricks... you're operating like a true modern wizard.

Precision in Your Hand. Power at Your Command

The **N13** is engineered for expert control, allowing you to achieve unprecedented movement. Witness the astonishment as the coin smoothly oscillates and moves seamlessly between multiple fingers, even executing an impossible jump from one hand to the other-all while maintaining its continuous, gravity-defying spin!

Nothing to Hide. Everything to Amaze

The **N13** slides into your routine so naturally that spectators never see the

setup... only the impact.

With **N13**, your hands stay clean, open, and fearless.

No heat. No hesitation. Just pure control.

It drops into any routine naturally and hits harder than any sleight breaking expectations and making you look like a true master.

N13: Born from Thirteen Years of Mastery

- The One-Second Setup: Go from pocket to performance in less than 1 second.
- Power Efficiency: Charge for 10 minutes for a full battery, providing up to 3 hours of continuous spinning.
- The Silent Operator: A minor operational sound-about 40 dB, no louder than a quiet library-that does nothing to distract from the silent awe of the magic itself.
- Unprecedented Selection: Built in the professional Morgan size (38.3mm). Choose your look from a wide spectrum of designs: Morgan, Chinese Ancient Coins (Black or Red), Bitcoin, Poker Chips, and Copper Coins.
