

Pocket King by Darryl Vanamburg

Introducing **POCKET KING - The Royalty Of Pocket Indexes** created by **Darryl Vanamburg**

Pocket King is a brand new never before seen full 52 card pocket Index device that can be disguised as a deck of cards to do one thing extremely well...

This one thing allows you to effortlessly Locate and Extract any freely named playing card with in a matter seconds - Not only that but it allows you to locate and then extract the freely named card INVISIBLY while apparently doing absolutely nothing at all - yes you read that correctly - your audience cannot detect ANY-THING!! as your hands never leave your audiences sight and your hands never enter into any compartments or pockets.

Endless miraculous astonishments can be Achieved with any Index...HOWEVER... The Pocket King Index device was designed with its own unique stealth like elements that allow the performer to deliver any non-folded full freely named playing card into play "INVISIBLY"

EFFECT:

Imagine being able to make ANY freely named playing card appear with-in the context of your one off effect or routine as if by real magic - hands begin free and empty...Then, during the Invisible card location and "INVISIBLE EXTRACTION" moment, your hands stay in view through out the entire performance as if they where empty, thus supporting the effect/routine with a climaxing real astonishing miraculous moment.

Well... **Pocket King** allows you to do exactly that!!

INCLUDES EVERYTHING YOU NEED TO PERFORM(provide your own poker sized playing cards and pants/shorts pocket)
