

Emotipad by Jhon Paul and Mago Flash

Take interaction with your audience to the next level with **EMOTIPAD**, a modern, visual effect fully aligned with the digital era.

Ideal for professional magicians looking for immediate impact, audience engagement and an authentic emotional connection.

EFFECT

A replica of a Tablet made of sheet metal is shown where the reactions multiply visually and directly with an end where several reactions appear.

WHAT MAKES IT UNIQUE

- Current topic: social networks and digital emotions
- High audience participation
- Visual, direct and easy to understand.
- Perfect for stages, school shows, corporate and social media.
- Versatile routine that you can adapt to your style

REFERENCE IN ACTION

As you can see in the video in your gallery, **EMOTIPAD** generates genuine reactions: laughter, surprise and immediate applause. It is an effect designed to stand out in video, ideal for content on TikTok, Instagram or live shows where interaction is key.
