

Good Pals Valentine's Pink - Pokerdeck

A celebration of love, luxury, and color - designed for collectors, cardistry, and everyday play.

Good Pals Valentine's Playing Cards introduces Volume 2 of our Logo Series, featuring all-new tuck & card back designs, six new court card designs, redesigned heart and diamond pips, new aces, and more.

Key Features:

- Pantone-printed Pink Edition
- Ultra-limited Red & Gold Foiled Edition (350 only)
- 12 Valentine-themed court cards

Pink Edition:

- Our Pink Edition features an enlarged Good Pals calligraphy logo on a beautiful pantone pink card back. The color of this deck is rich and is a standout feature on this minimal yet classy back design.
- Pictured below are more of the new court cards within this deck. Our Queen of Diamonds can be seen holding a bouquet of flowers, our Jack of Spades with an engagement ring, and our King of Spades also with a bouquet of flowers.
- Our Ace of Hearts is the main ace within this deck with an enlarged pip featuring the Good Pals calligraphy logo. This time we opted to have one main ace and the remaining aces smaller.
- Our hearts and diamonds take on a pink color instead of red, and this is also reflected in the court robes across all suits.
- In the images below you may notice a new design for both heart and diamond pips, but also enlarged pips for each card as well compared to previous Good Pals Logo Decks. We felt the old pips were slightly on the smaller side but think we have nailed them now!
- We made a few changes to the art cards + jokers in this deck. The jokers feature a very subtle change by having a lipstick mark on their skulls, whilst we also added a quote card to these decks that has a thoughtful message enclosed.
- This deck is perfect for usability in magic, cardistry and game play

We believe these logo decks strike the perfect balance between Good Pals branding, traditional card design, practicality and collectability.
