

## Vanishing Pencil

Unveil the mystery of this amazing magic trick! The magician shows a completely empty metal tube and a pencil to the audience. He places the pencil inside the tube and seals it tightly with a cap. The tube is then handed to a volunteer from the crowd, who, upon opening the container, is astonished to find the pencil has transformed into a smaller version with a completely different color!

The magic doesn't stop there! Instead of the smaller pencil, you can make a note, a cigarette, or much more appear... Imagine the hilarious moments and awe-inspiring surprises that can arise from the creativity of a skilled magician. Don't miss your chance to captivate your audience with a truly unique magical experience!
