

Mystery Cubes

Six numbered cubes are mixed up, turned around, flipped over... and yet, in an instant, they perfectly fall back into order as if by magic!

A visual, clean, and surprising effect, suitable for any kind of audience.

- Everything happens right before the spectators' eyes.
- Polished design, invisible mechanism, incredibly easy to perform.
- Ideal for stage shows, children's magic, or comedy and mentalism acts.
- The Plexiglass tube is 27 cm tall, and the sides measure 5.5 x 6.5 cm. The cubes measure approximately 5 cm per side.
