

## Selfie King by Julio Montoro & Victor Sanz

An eye-popping pocket trick you can carry in your wallet.  
From the mind of Julio Montoro and Victor Sanz, present you with the new generation of card trick - Selfie King.

Imagine two playing cards take a selfie with each other!  
You show the king of diamonds and queen of clubs. Suddenly king holds a phone and move up, taking a selfie with the queen. And, king shows his selfie to everyone and sends it to magician.  
Surprisingly, the screen of king's phone shows "Sending..." and magician really receives a message from the king, and it is his selfie!

This is a creative and funny pocket trick.  
It fits in your wallet and always ready to go.

What you receive:

- Gaff cards.
- Material package.

- The instructions are supplied through a practical download video link. They are in English, but easily understandable by anybody thanks to the clear video.
