

Puzzle Rocket - Legno

A classic, irresistible challenge, perfect for aspiring astronauts of all ages.

The rules of this wooden brain teaser are incredibly simple: stand the spaceship upright on a flat surface and place the tip inside it. The mission? Remove the tip without ever touching the wooden spaceship.

A puzzle of skill and ingenuity that puts logic, precision, and creativity to the test. There are several surprising ways to solve this challenge, but only one is so clever and elegant it would make even a real rocket scientist smile.
