

## Over Clear by Jin Hyung Han

A brand-new magic tool that combines the core identities of Jin Hyung Han's signature works, "Inner Value" and "Loop," into a single system.

Over Clear is a transparent cup-and-ball tool developed through Han's unique and innovative approach.

Rather than hiding the method, its clear design reveals the flow of magic itself, offering a fresh reinterpretation of what magic can be.

A single prop contains multiple built-in functions, allowing performers to create a wide range of highly visual routines, including:

- Load system
- Vanishing
- Appearing
- Color / shape change
- Transposition

### Key Strengths

- CGI-like visual impact
- One-handed operation, comfortable even for smaller hands
- Compatible with any crochet ball – use the balls you already own
- Truly glass-like premium feel (no acrylic appearance)
- Ideal for table hopping, bar magic, and stage performances

The system resets in just one second, making it highly optimized for SNS content, parlor shows, and repeat performances.

It is designed to be easy to perform, yet visually powerful for any level of magician.

If you are looking to perform one of the most visually striking cup-and-ball routines, Over Clear is the perfect tool.

### Package Contents

- Gimmicked cup
- 1 crochet ball
- 1 magnetic crochet ball
- 1 transparent ball
- Magnetic holder
- Refill materials (50–100 uses)
