

ImPodssible by Hsu Hau Jiun

Have everyone's ear with this penetrating Earbud.

"When I first saw 'ImPodssible', I immediately bought it and added it to my daily repertoire. So, when Hau Jiun approached us, I wanted to publish this effect right away." - Hanson Chien

From the mind of FISM Invention Award Winner Hsu Hau Jiun, the new innovation of Lu Chen's classic Penetrating Pistachio.

One of the best routines seen on TV. Take a pistachio and make it magically go through the glass. However, pistachio is not a common item to be found, so instead, Hau Jiun came up with this genius idea - ImPodssible.

In the 21st century, earbuds make perfect sense as an everyday carry.

ImPodssible is visual and organic. It's perfect for social media as well. You can do penetration, vanishing and reappearance. Everything you need is included. You are ready to perform once you get it. ImPodssible It's the Magic to your Ears.

Common Questions & Answers:

D1: Is the glass gimmicked? Does it work with any glass?

R1: The glass is NOT gimmicked, transparent glasses are recommended.

D2: Is this hard to do? Does it require lots of practice?

R2: Simple routine is included, beginner friendly.

D3: Can we vanish it like in the trailer?

R3: Needs some practice, but it's achievable.

D4: Can we borrow spectator's earbuds for the trick?

R4: It's recommended to use your own, just in case you drop theirs.

D5: Can you listen to music with it? Is it examinable?

R5: Examinable? YES. Listen to music? NO.

D6: I don't have identical earbuds, can I still perform?

R6: Dummy earbuds are included; you can perform without a doubt.
