

Card Silk (QH) - 45 cm (18 inches)

With this special silk featuring a printed playing card, you can perform several routines.

The most classic one: a card is selected from a deck, and you show a silk with a blank card printed on it. Then you place the silk inside a tearâ€‘apart change bag and, when you open it... the blank card has magically transformed into the Queen of Hearts!

Guaranteed fun!

- 100% pure silk.
- For the routine shown in the video, you will also need the silk with the blank card printed on it and a tearâ€‘apart change bag (or a similar model). The blank-card silk and the bag are not included.
