

Red Bicycle Tuck Case - Bicycle Spezial/Gaff

Playing cards are essential tools for any magician, and with regular use the tuck case is often the first part to wear out. Replacing entire decks every time can become costly, so having a simple alternative is a practical solution.

Bicycle tuck boxes offer an easy way to replace damaged cases or create custom gimmicks while keeping a clean, professional look.

Note: the boxes are supplied flat and can be assembled easily using a strip of double-sided tape or a small amount of glue
