

## Anniversary 2.0 The Final Waltz by Patrick Kun

A Modern Take on a Timeless Classic!

Anniversary Waltz is one of the most powerful effects in card magic—romantic, memorable, and deeply personal. Now, after 10 years of performing it on TV and live stages, Patrick Kun presents a stunning visual evolution: Anniversary 2.0: The Final Waltz.

The Effect

Two spectators each choose a card and sign them. Then, right before their eyes: the signature disappears, the card turns blank and finally... the two cards fuse into one!

A miracle they'll remember for a lifetime—and take home as a souvenir.

Leave Them With a Miracle

You're not just giving away a signed card. You're giving them a memory ONE card, with TWO names, that should NOT exist.
