

Carat DS3 Triple Deck Sleeves (5 Pack)

Carat Case Creations presents the new **Carat DS3 Triple Deck Sleeve** for three decks, which was created along with the Carat DS2 Double Deck Sleeve as a follow-up to the popular Carat DS1 Deck Sleeve and provides protection while storing and/or displaying three decks side-by-side.

The Carat DS3 opens from both the left and right side to allow for easy access to the decks inside and it is made with a slightly thicker PET plastic, resulting in a sturdier and stronger case. This design allows full viewing of your deck from all sides while providing good protection against knocks and bumps.

Like the Carat DS1 & DS2, the Carat DS3 fits most decks from the major playing card printers (including Cartamundi, EPCC, HPCC, LPCC, TWPC and USPC) and its low profile allows you to store your decks as you normally would on your shelf, in your drawer, in storage boxes or anywhere else.

The Carat DS3 is extremely light, weighing around 32.5g or 1.14 oz. and comes unfolded to make it easy to ship. Once ready to use, simply peel off the protective film, fold the flaps together and assemble the Deck Sleeve.

With the Carat DS3, you no longer have to worry about your decks or tucks getting all banged up in your daily carry bag or wherever you are storing them. It's also an affordable way to protect a large number of decks while still displaying or showing them off to your friends!

Carat Card Cases by Carat Case Creations are the preferred playing card storage and display cases of discriminating collectors and designers. Aside from its regular production cases, Carat Case Creations has worked with many of the top designers to create custom cases, including, Butterfly Playing Cards, Rick Davidson, Midnight Playing Cards, Mint Playing Cards, Stockholm 17, Thirdway Industries and Vanda Playing Cards.
