

Prestige Pro (Parlor) Gold Edition by Hide & Sergey Koller

Introducing **Prestige Pro (Parlor) Gold Edition**

PRESTIGE PRO

Best forcing device for stage! Now on steroids.

What's new in PRESTIGE PRO?

New flap system

Mechanism relies on gravity: a powerful magnet releases the flap as soon as it is removed from the plastic sleeve. Compared to 2.0, the flap is improved. Its loose lower part ensures the Prestige works smoothly every time.

New materials.

The board and plastic sleeve are made of tougher materials. This makes the product last longer and protects it from damage. Built to last: the sleeve won't tear, no matter how hard you try

Bigger flaps.

The larger flap helps you show all your ideas, and the audiences can see everything clearly.

Dry-Erase surface.

Markers leave no trace and can be completely erased. Experiment with any routine until you've crafted the perfect show.

Here's what you're getting:

- 5 cards made from the new durable material (A5 size - 148mm x 210mm)
- Unbreakable plastic sleeve
- Felt carrying case
- Erasable marker
- Cleaning cloth for the marker
- Detailed tutorial video with 10+ routines

"This is completely another world. If you already have Prestige you want to update it"
