

License Plate Prediction by IDEAA Lab - German - Bühnentrick

This is a license plate prediction.

The magician shows a pad designed to look like a license plate, displaying various numbers and letters. Thousands of combinations are possible.

One or more spectators freely choose, one number/letter at a time, to create a unique and random license plate.

The magician reveals a license plate that matches the selected one exactly.

Key points

- Very easy to perform.
- Perfect for any type of performance.
- It can be presented surrounded.
- Compact, yet plays big!
- The prediction is an aluminum license plate with embossed details.

What will you receive?

A special pad with numbers and letters matching the chosen license plate.

Highly durable polyester sheets, made to last for many years.

A rigid back cover, making it much easier to handle.

Spiral binding so the pages turn more smoothly.

A semi-transparent front cover.

An aluminum license plate, replicated in size and appearance from the original.
