

## WingsMagic Presents: NanoFlash

The hand flasher is one of the most essential accessories in a magician's toolkit. **Flash Nano** brings together the features that matter:

1. **Large bore** - delivers a bigger, more impressive flash
2. **Compact size** - easily palmed and concealed
3. **Multiple firing modes** - press-button or wireless remote trigger, with a range of up to 30 meters (open space)
4. **Arc ignition** - reliable, consistent firing
5. **Magnetic base** - more placement options
6. **1/4" screw mount** - attach to tripods or other photography gear for precise control of height and angle
7. **Detachable clip holder** - makes palming even easier
