

Missing Hearts (Blue) by Nusa & MS Magic

Introducing **Missing Hearts - Ultra Visual Card Magic** created by NUSA, produced by MS Magic

Missing Hearts is a highly visual close-up card effect that allows you to manipulate the heart pips on a playing card in the most impossible way imaginable.

The effect:

The magician removes the 10 of Hearts from the deck and places it face down on the table. He then introduces the 3 of Hearts.

One by one, the three heart pips are visibly peeled away from the 3 of Hearts. As each heart is removed, it completely vanishes from the card, leaving behind empty spaces where the pips once existed.

The removed hearts mysteriously travel invisibly to the face-down 10 of Hearts.

When the card is turned over, the audience discovers that the 10 of Hearts has transformed into the impossible 13 of Hearts, with the three missing hearts now appearing on the card.

But the magic isn't over yet.

The magician removes the three extra hearts from the 13 of Hearts and places them back onto the empty spaces of the original 3 of Hearts. Instantly, the 3 of Hearts is fully restored.

Finally, the 13 of Hearts is shown once more-and it has impossibly reverted back to the original 10 of Hearts, leaving everything completely examinable in the spectators' minds.

A beautifully visual routine that is direct, magical, and incredibly easy to perform.

Key Features

- Ultra Visual Transformations - Every phase happens in full view, creating

- unforgettable moments of visual magic.
- Easy to Master - No difficult sleight of hand required. Learn quickly and perform with confidence.
 - Multiple Applications - Perform it as a complete standalone routine or integrate individual phases into your existing card magic.
 - 2 Professional Routines Included - Ready-to-perform presentations taught in detail.
 - Pocket-Sized Miracle - Compact, lightweight, and perfect for walk-around, table-hopping, social media, and professional close-up performances.

Perfect For:
