

Seafarers: Mediterraneo Blue Edition by Joker and the Thief - Pokerdeck

Set sail with **the definitive nautical deck of playing cards**. Designed in collaboration with artist Gustavo Magalhaes. We wanted **to create a classic deck of cards** reminiscent of vintage designs.

- Seafarers took 6 months to design and was illustrated completely by hand, featuring a back design writhing with symbolism, an iconic ace of spades, as well a set of original court cards that tell an enchanting tale.
- **Limited Edition of 248 decks total**
- The court cards are all completely custom, with distinct characteristics. Each suit tells its own story, with each jack, queen and king symbolically linked.
- Blue color was sampled from our founder's ancestral home island in the Eastern Mediterranean of Greece, matched to the color of the sea in that part of the Aegean.
- Featuring a luxury custom tuck box.
