

Standard Edition Night at the Circus (Freak Show) by Anti-Faro - Pokerdeck

Introducing The Freak Show (Standard Edition)

Die-cut Soirée Tuck Box

52 custom playing cards are housed within these tent-inspired tuckboxes, its open doors, a malicious invitation, will you answer its beckoning call? Flip the tuck box open, step into the ring and let the world outside fade into a distant memory.

Court Cards

The court cards feature the principal performers trapped within the circus. Each holding a piece of the central puzzle. The very nature of the power that created this place. To escape, the player must survive each show and solve their riddles. The Freak Show houses those whose physical forms are deemed too odd for the common folk, drawing ooh and ahhs, ensnaring all future attendees between the realm of amazement and unease.

Number Cards

Standard Editions feature fun contrasting color pairings in place of the standard Red and Black suits, along with a more subtle crackle pattern that is more suitable for standard play.

Card Backs

Designed for the discerning player, this deck features a 2-way card back. Each Edition features its own unique back design, representing the entrance to its respective tent. At the center of every card, a grand carnival arch rises, fashioned after the shape of each respective mascot's mouth.
