

Mad Enigma - Pokerdeck

This special edition of the ENIGMA deck is a collaboration with Daniel Madison (www.madison.cards) that integrates his brand's design with that of Enigma.

The deck features the signature labyrinthine back design with a smooth silver foil finish. On the face, this version showcases a deep, dark red-Daniel Madison's favorite. The deck is printed on Daniel Madison's preferred card stock, comes arranged in the Mnemonica stack, and includes a duplicate 9 of Clubs, two new Jokers depicting Charlie (Daniel's pet raven) in Enigma's minimalist style, and the King of Diamonds featuring Daniel Madison himself.

Details added by Daniel Madison include the "MAD" symbol in various places throughout the deck, as well as a reveal of the 9 of Clubs on the King of Diamonds. This is a historic collaboration between a Mexican brand and an international brand of Daniel Madison's stature.

If you love the simplistic style behind the enigma playing cards geared towards Cardistry and the aura surrounding Daniel Madison thought for magicians, this is the perfect deck for you!
