

PITATA Palm Peekers Pro

Introducing **PITATA Palm Peekers Pro**

The **PITATA Palm Peekers Pro** is a compact receiver that is used with PITATA's impression devices. It has all the functionality of the original PITATA Palm Peeker, but now upgraded!

- **Crystal Clear E-Ink Display:** We have upgraded the screen to a crisp E-ink display, providing high contrast and visibility that is easy to read even under bright stage lights.
- **Ultra-Compact Design:** Measuring only 49 x 36 x 8.5 mm, this device is small enough to be palmed, hidden inside other props like a card box, or attached to a keychain.
- **Long Battery Life:** Despite its small size, it offers over 10 hours of active standby time, ensuring it lasts through your longest events or multiple shows in a single day.
- **PITATA ecosystem:** It is fully compatible with the entire PITATA Impression series, including our Memo Pads, Clipboards, and the new Smart Chalkboard.
