

Needle Through Balloon Refill Pack (12 Count) by Big Guy's Magic

Perform with total confidence using the industry-standard latex trusted by professional magicians for over 15 years. Sourced specifically for the classic Needle Through Balloon illusion, these 11-inch refills offer the perfect balance of on-stage visibility and heavy-duty reliability.

Key Features:

- **Stage-Tested Translucency:** Provides an unobstructed view of the needle's path from every angle, ensuring maximum dramatic impact.
- **The Real Latex Standard:** Genuine, heavy-duty performance latex-not stiff plastic. A light coating of natural talc powder is applied during manufacturing to prevent sticking. While a slight haze is normal out of the bag, it completely disappears to your audience under standard stage lighting.
- **Heavy-Duty Reliability:** Engineered with consistent wall thickness to handle intense needle penetration at the critical "sweet spots" without premature popping.

Product Specifications:

- **Quantity:** 25 Premium Uninflated Balloons
- **Size:** 11-Inch (Standard Pro Size)
- **Brand:** Big Guys Magic

Big Guy's Pro-Tip

: For the smoothest penetration, always apply a small amount of lubricant (like Vaseline or mineral oil) to the tip and shaft of your needle. This allows it to glide effortlessly through the latex and creates a temporary airtight seal! (Note: Refill pack only. Needle and lubricant sold separately).
