

Translocations **DOLLAR-SIZED** by David Regal

David has performed "Translocations," inspired by the great John Kennedy's "Translocation," for many years.

When he first made the Translocations gimmicks available to magicians, the initial run sold out, then another...
...then the supplier closed up shop.

For a while, "Translocations" was unavailable, but a couple of years ago a new supplier was brought on board and a new run was created. Again, magicians responded to the unique set of coins.

All the gimmicks used in "Translocations," up to this point in time, were half-dollar sized. David loved performing with them, but wished he could make a **DOLLAR-SIZED** set... knowing all the benefits that would come from larger coins.

Unfortunately, dollar-sized English pennies didn't exist.

David changed that-he designed and minted **DOLLAR-SIZED** English pennies (with adjustments, to make it all legal) and added them to **DOLLAR-SIZED**, specially-minted Chinese coins, as well as lovely Morgan silver dollar replicas.

The result is a wonderful coin set that allows you to fill a room with striking, impossible coin magic.

This is a 5-coin set. You get:

- A specially designed/minted **DOLLAR-SIZED** Chinese coin
- A specially designed/minted **DOLLAR-SIZED** English penny
- The amazing precision **DOLLAR-SIZED** post coin gimmick
- A perfectly machined **DOLLAR-SIZED** Sun/Moon gimmick
- A Morgan silver dollar replica

Also included is a black coin pouch.

TWO FULL ROUTINES are taught in the video instructions, the original table routine, plus the expansive Magic Castle routine, designed to play to a large audience.

PLUS, for those familiar with Tommy Wonder's "Socked Coins" routine, David explains how to put the Translocations post coin to work in that classic routine.

Here is **DOLLAR-SIZED Translocations**
