

Dream Rainbow by Leon & MS Magic

Dream Rainbow

is a brand-new, complete theatrical rose magic routine co-created by international magician Leon King and MS Magic.

Designed with Broadway-style visual aesthetics, this full-stage routine features smooth progressive color transformations from yellow, blue, white to vibrant red, creating a dreamy rainbow-like magical atmosphere perfect for professional stage shows, galas, competitions and corporate performances.

Full Performance Routine:

1. The magician displays a beautiful yellow rose. After plucking one petal and blowing it into the air, countless petal garlands magically float out in mid-air.
2. At the exact same moment, the yellow rose instantly transforms cleanly into a bright yellow silk.
3. Next, the magician presents a blue rose. The rose vanishes completely, reappears instantly, and then changes color from blue to pure white in the blink of an eye.
4. Holding the white rose, the magician gently brushes it against another white rose placed in the vase. Both white roses simultaneously turn vivid red, delivering stunning synchronized visual magic.
5. In the grand finale, the magician uses a silk to magically duplicate the single red rose into two red roses, before elegantly placing them back into the vase for a perfect stage ending.
