

Ron Bauer Series: #5 - Hornswoggeld Again - Buch

From the man who's overconfident enough to be easy prey for any short con!

This is an entertaining way to show off your "sure-fire defense against short-change artists." First you take in an innocent bystander by showing him how you were once hornswoggled. Then, when you insist on gloating, he gets his revenge and you're hornswoggled again!

20-page staplebound booklet.
