

Ron Bauer Series: #9 - Fair And Sloppy - Buch

From the man who can't tell the difference between the name of the card trick and a weather forecast!

Due to the willingness of certain spiteful spectators to take advantage of their magician, you illustrate the value of your magic teacher's admonition that it's always wiser to cut the cards instead of classes. Learn how to turn Ed Marlo's Convincing Control and Sid Lorraine's Slop Shuffle into totally believable illusions.
