

Ron Bauer Series: #13 - Senator Crandall's Cut Up Card Trick - Buch

From the man who claims credit for spicy peanut butter!

Here's your chance to become an instant psychoanalyst! All you need is a deck of cards, a pad of paper, scissors, and this book! (A willingness to make outrageously ridiculous claims in public helps, too!)

This was a favorite of Chicago's sardonic sorcerer, Clarke "The Senator" Crandall, and is published here for the first time.

Staplebound, 16 pages, includes removable template page.
