

My Power Deck + (Red) by Jordan Victoria

You already know the My Power Deck: a marked and asymmetrical deck designed to give you possibilities that are impossible with a standard deck.

With the **My Power Deck +**, we have kept everything that makes the original deck so powerful... and added a new feature.

MARKING + ASYMMETRY + STRIPPER

The **My Power Deck +** now combines three features in one single deck:

- A marking system
To know the value of a card simply by looking at its back.
- Asymmetry
To get even more information, faster.
- A stripper
To locate, control and find certain cards in a completely different way.

But the true power of the **My Power Deck +** does not lie in each of these features individually.

THIS IS WHERE THEIR COMBINATION CHANGES EVERYTHING!

By combining marking, asymmetry and the stripper, the **My Power Deck +** allows you to create routines that simply cannot be performed with the original My Power Deck, or with any other deck.

To accompany the deck, we have created 3 completely new routines, specifically designed to take advantage of this combination.

And this is only part of what you get.

MORE THAN 2 HOURS OF MASTERCLASS

Every **My Power Deck +** also gives you access to more than 2 hours of masterclass, including the 17 original My Power Deck routines.

You will have everything you need to learn the system, master the original

routines and immediately start exploring the new possibilities offered by the **My Power Deck +**.

3 EXCLUSIVE ROUTINES FOR THE MY POWER DECK +

In addition to the 17 original routines, you will receive a dedicated video explaining 3 completely new routines using the **My Power Deck +**.

These routines were specifically created to take advantage of marking, asymmetry and the bevel.

They can only be performed with the **My Power Deck +**.

And one of these three routines is so complete that it could have been sold on its own for four times the price of the deck.

More than a new deck. A new way to use the My Power Deck.
