

Torch to Bouquet

The magician shows a lit torch, burning brightly. He then places the torch inside a tube. After a few magical gestures, when he pulls it back out, the torch has transformed into a beautiful bouquet of flowers. A very eye-catching visual effect, ideal for parlor or stage performances!

- Not sold to minors.
- The tube is 42 cm long and has a diameter of 3 cm.
- Since fire is used, proper caution is required.
