

Wonder Bag (Red) by Carson Chan & MS Magic

Introducing the **Wonder Bag** - the ultimate evolution of the classic Egg Bag magic.

This isn't just a bag; it's your all-in-one solution for professional close-up magic. Retaining the iconic ease of the traditional Egg Bag, it offers a fresh and powerful upgrade.

Stunning, Multi-Step Routine

Showcase your pre-stored magic, then dramatically show the bag completely empty. Watch as an egg magically materializes right from the bag-or even appears and mysteriously vanishes from the spectator's hands while they hold it.

With the Wonder Bag, you can effortlessly perform a complete, professional egg bag routine.

Showstopping Finale

Execute a surprising Shot Glass reveal at the end of your performance. Whether used as a brilliant finish or a spontaneous surprise, it adds a spectacular "wow factor" to any routine.

Dual Function & Ultra-Portable

Featuring a convenient drawstring closure, it doubles as a high-capacity storage pouch for your daily props. Store your cups & balls, playing cards, and more in one place. Now, you only need one bag to complete a full set of close-up or parlor routines.
