

Cohort Casino Marked Playing Cards - Markiertes Kartenspiel

Cohorts have always been our most popular marked deck. Trusted by pros. Loved by workers. Carried everywhere.

Now, we've taken everything you loved about the original and doubled down.

Introducing Cohort Casino

- Crushed USPCC stock - for that broken-in feel straight out of the box.
- Darker, richer red back & New tuck box design - bold, elegant, and impossible to ignore.
- Same revolutionary marking system - invisible to them, instantly readable to you.

Whether you're performing close-up, at the tables, or on stage, these cards handle like a dream.
