

Bicycle Boo Back Playing Cards (Green)

A fresh new batch of **Boo Backs** - now in a ghostly shade of green!

The **Bicycle Boo Back Playing Cards** are a whimsical take on the classic Bicycle layout. They bring a sense of fun and nostalgia to any game night or magic trick. Perfect for tricks and treats!

Like the earlier colorways, the green **Boo Backs** are printed on traditionally-cut classic grade stock with Air-Cushion Finish. You can mix and match the green, orange, and grey decks without any difference in feel or handling.

Every deck has custom-colored standard Bicycle faces, two custom jokers, and a custom ace of spades. The deck also includes two gaff cards that can be used for creative magic tricks.

Produced in a strictly limited run, the green **Boo Backs** are a fantastically spooky addition to any card lover's collection. Just try not to turn green with envy when they're gone.
