

Hidden Agenda (Hardbound) by Roberto Giobbi - Buch

Roberto Giobbi is one of the pre-eminent authors in magic and is well established. The Card College series secured Mr. Giobbi's place in magic's history. But for many, his boldest and most fascinating book is Secret Agenda, a collection filled with wisdom, advice, secrets, and fantastic tricks, all delivered in a "calendar" of magic, one amazing secret per day.

It was the first of its kind, and a modern classic. Magic fans rejoice: it is a pleasure to announce a new collection, a spiritual "sequel." **Hidden Agenda** has arrived. Hidden Agenda contains 366 entries. Many readers will enjoy digesting one secret per day, while others will find it too difficult to stop turning the pages at each sitting. Topics range from clever deck switches to meditations on how to define the word "magic", but each day of Hidden Agenda will bring a revelation of some kind. There are more photos and trick content in Hidden Agenda than the previous volume, and all the material described is as-yet unpublished. If you are a fan of Roberto Giobbi or magic in general, this handsome hardback volume (414 pages) is a must.

414 pages in decorated hardcover binding, designed to sit perfectly alongside Secret Agenda on your bookshelf.
