

Synaptic (With USBC Cable) by Conjuring Lab

A compact electronic device introducing a new era in mentalism

Synaptic lets you perform ultra-clean, propless-feeling mentalism effects unlike anything ever seen before. With this one single device, you effortlessly unlock multiple powerful routines on the spot in the most natural and believable ways.

Fully autonomous, **Synaptic** is practical, adaptable, carefully engineered, and thoroughly tested. Most excitingly: We plan to keep evolving it over time and release more possibilities, making it truly future-proof. It's perfect for casual performances, close-up, or the stage.

What makes it special

Fully autonomous: Synaptic uses no app, no connection, no phone! Turn it on and you're ready to go.

Mentalism that feels real: Your spectators witness what looks like your natural abilities.

Nothing raises suspicion: Synaptic is seamlessly concealed.

Easy to do: Get started in no time by following our bite-sized, straightforward video instructions (available in French and English.)

Built with versatility at its core: perform one, two, or even all of the effects.

Choose what to do at a moment's notice.

Ready when you are: Fully charged, Synaptic delivers an operational runtime of more than 8 hours.

Future-proof: We built Synaptic to be evolutive. As soon as new effects and features drop, you're just one update away from performing them.

Some of the effects you can do with it
