Chaos Nameless

From the beginning of time, you mortals have done nothing but seek control. You build fortresses of marble, steel, and thoughts to protect yourselves, devising a thousand clever plans to escape the unknown.
But don't exhaust yourselves: it's a game you'll never win. The unexpected will always upend your lives, making them better, worse, or simply more strange. Here, it's not about finding meaning, but about enjoying the journey, fast and wild, hoping that the Gods, fickle as ever, show us a bit of empathy.
Learn to ride the storm, navigate by sight, and be ready to change course in the blink of an eye. One thing's for sure: around here, you'll never get bored.
