

Silk to Ball Vernet

PERFECT FOR THE BEGINING OF YOUR VERNET MULTIPLYNG BALLS ROUTINE You show a small silk and slowly push it into your closed hand. You do this very visibly. When the silk is completely inside the hand you open it the silk has been turned into a Vernet Ball. The ball may be caused to vanish and re-appear, leading into a Vernet Multipying Ball routine or your favorite ball manipulation. (Comes without silk.) Very easy to handle. Don't be afraid of dropping it. It also matches the other Vernet Balls. Made in chomium plated ABS plastic.
